**Dispatching Instructions**

Insects:  
Place in a robust container and dispatch in a padded package.

Roots:  
Remove soil by gently washing; pat dry on paper towels and wrap in damp newspaper. Place into an **unsealed** plastic bag.

Leaves:  
Wrap in damp newspaper and pack as above.

Fruit and woody material:  
Place in a rigid or padded container.

Whole plants:  
Remove soil from around roots by washing; wrap whole plant in damp newspaper and place in unsealed plastic bag. Use rigid container if necessary.

Soil:  
Place in **double** sturdy plastic bags.

Dispatch to:
